Purchase Condition Submission Enhancement in SPARC 2.0

Arc Home has released a new enhancement today on the Purchase Condition Submission process in SPARC 2.0, designed to improve usability and efficiency.

To ensure you can view this update, please clear your cache, open a new browser tab, and log back into SPARC 2.0.

Submit Reminder for Final Purchase Condition Review

If you attempt to navigate to another screen in SPARC 2.0 after uploading documents to purchase conditions, a pop-up reminder will appear asking whether you would like to submit to Arc for Review.

To submit a loan for review, please select "**Yes**" on the pop-up or click the **Submit to Final Purchase Review** button. Select "No" if you are not ready to Submit for review.

The loan status must update to Submitted for Final Purchase Review for your Account Manager to know there are conditions to be reviewed.
