	Entitlement						

	• For veterans with partial entitlement, the maximum amount of guaranty is the lesser of 25% of the loan amount or the applicable years conforming loan limit for a 1-unit property, reduced by the amount of the entitlement previously used by the veteran.
Secondary Financing	 No new secondary financing may be initiated in conjunction with a new VA first lien Down Payment Assistance programs are available, see section below for requirements. Must meet VA requirements, contact the local RLC for any clarification on acceptability Subordinate financing is acceptable as long as the veteran is not placed in a substantially worse position than if the entire amount borrowed had been guaranteed by VA
	 The lender must submit documentation disclosing the source, amount, and repayment terms of the second mortgage and agreement to such terms by the veteran and any co- obligors.
	The second mortgage must be subordinated to the VA-guaranteed loan, that is, the second mortgage must be in a junior lien position relative to the VA loan.
	 Proceeds of the second mortgage may be used for a variety of purposes, including but not limited to: closing costs, or a down payment to meet secondary market requirements of the lender. But may not be used to cover any portion of a down payment required by VA to cover the excess of the purchase price over VA's reasonable value.
	 There can be no cash back to the veteran from the VA first mortgage or a second mortgage obtained simultaneously.
	The veteran must qualify for the second mortgage which is underwritten as an additional recurring monthly obligation.
	 The rate on the second mortgage may exceed the rate on the VA-guaranteed first, however, it may not exceed industry standards for second mortgages. The second mortgage should not restrict the veteran's ability to sell the property any more than the VA first mortgage. That is, it should be assumable by creditworthy purchasers.
	 Second mortgages bearing unusual terms, interest rates, etc., are sometimes offered by parties such as: Federal, state, or local government agencies, non-profit organizations, private individuals, a builder, or the seller. Consult VA if it is unclear whether the terms of the second mortgage meet VA standards or if there may be a reasonable basis for VA to make an exception to the general VA standards. A copy of the subordination agreement, subordinate lien mortgage/deed of trust and
	note is required Funding fee may not be paid with funds from second mortgage

Spouse	 Lenders may accept a Veteran's assertion of spousal status when a Veteran is applying for a mortgage. VA will therefore process claims and applications involving same-sex marriage in the same manner as claims and applications based on opposite-sex marriage, without any additional scrutiny or development.
